Sir:

In reply to the Office Action dated August 10, 2007, requesting an election of one invention to prosecute in the above-referenced patent application, Applicants hereby provisionally elect to prosecute the invention of **Group I**, represented by claim 1. This election is made without prejudice to or disclaimer of the other claims or inventions disclosed. Applicants reserve the right to pursue the non-elected claims in one or more divisional applications.

This election is made **with traverse**.

At pages 2-3 of the Office Action, the Examiner alleges that Inventions III and {I, II} are distinct combination and subcombination, because the combination as claimed does not require the particulars of the subcombination as claimed (e.g. carrier or other ingredients). Applicants respectfully traverse.

"Where a combination *as claimed* \*\*>requires< the details of \*>a< subcombination *as separately claimed*, there is >usually< no evidence that combination
